

from our family to yours

Welcome to our website! At Haley's we understand the importance of 'home' and what that means to our customers.

Haley's started with a vision.

When homeowners remodel, countless hours are spent going from store-to-store...hoping to find the right design & products, making the process complicated and time consuming.

Founders Carter and Nancy Haley had a vision to be a place where home owners could go and find almost everything they need to transform their house into a home. Whether it's just updating the floors, remodeling a kitchen, adding furniture & accessories to finish a room, or keeping your valuables safeHaley's is a 'one-stop' shopping experience that will simplify the project process.

"Having raised two sons, who are also apart of the business, and enjoying life with eight grandchildren, we know the importance of family and how hectic life can be. Creating a home your family will love and a place to make lasting memories, is a rewarding investment for now and years to come. Our goal is to make this process simple while giving you a quality product at a great price." ~ Nancy Haley
